Department of Commerce
PO Box 200523
Helena, MT 59620
406-841-2598
JGrebenc@mt.gov

Jerry Grebenc is currently the Program Manager/Planner for the Community Technical Assistance Program (CTAP) with the Montana Department of Commerce. CTAP provides technical assistance regarding land use issues to local governments, planning boards and zoning commissions, private sector developers, engineers and consultants and non-profit organizations. Jerry received his B.A. degree in History/Geography from the University of Minnesota–Duluth and his M.A. degree in Geography /Planning from the University of Montana. He has eleven years of professional experience in community planning and development issues, including serving as an associate planner and then as Planning Director for Lewis and Clark County. He has also worked for engineering firms in Missoula and Helena designing residential developments and shepherding them through local review processes.
